of evacuation

Car parking area

**ROCKWOOL Adriatic d.o.o.**

Poduzetnička zona Pićan Jug 130, Zajci  
HR - 52333 Potpićan, Croatia

[www.rockwool.hr](http://www.rockwool.hr)

## PERSONAL PROTECTIVE EQUIPMENT

**USE OF ALL PRESCRIBED PERSONAL PROTECTIVE EQUIPMENT IS MANDATORY!**

### MINIMUM REQUIREMENTS IN THE FACTORY:

- Protective cap or helmet
- Safety glasses
- Safety shoes
- Reflective vest or high-visibility clothing

## PARKING RULES

Follow the reverse parking rule to ensure safer re-entry into traffic. Do not block evacuation routes or firefighting equipment with your vehicle.

## SPEED LIMITS

Within factory premises:  
10 km/h  
Inside buildings: 5 km/h

## IN CASE OF EVACUATION

Follow the evacuation signs to the nearest exit. The assembly point is located near the main gate house.

## NO SMOKING POLICY

Smoking is strictly forbidden inside the buildings! Smoking is allowed only outdoors at the designated and prepared smoking areas.

## LOCKOUT/TAGOUT (LOTO)

During any work on equipment, it is mandatory to prevent accidental startup of machinery by isolating any energy source and secure it with padlocks.

## WORKING AT HEIGHTS

Fall protection is mandatory while working at heights.

## HOT WORK

Before commencing any hot work (cutting, grinding, welding), it is necessary to obtain a **Hot Work Permit**.

## SECURING HAZARDOUS AREAS

Secure your work area and mark hazardous zones (e.g., with barriers, safety signs, warnings, etc.).

## RULES FOR VISITORS

Visitors must stay on marked visitor route accompanied by Rockwool employees and follow all safety instructions provided.

## ENVIRONMENTAL PROTECTION, TIDINESS AND CLEANLINESS

Maintain cleanliness and tidiness at the workplace. Separate and dispose of waste in designated containers.

## NOTE

Safety at work is our top priority. In case of non-compliance with safety rules, work will be stopped until safe working conditions are ensured!

Factory Management.
